Arctic conference

Combine productive meetings with memorable experiences in a unique Arctic setting. This conference program can be held year-round and tailored to your group's size, preferences, and the season. Together, we'll create an itinerary where the conference, activities, and local culinary experiences come together to provide participants with an inspiring and rewarding stay.

The conference takes place in modern meeting facilities equipped with everything needed for productive workdays. Between conference sessions, participants can choose from a wide range of activities that foster a sense of community and offer insight into Kiruna's unique nature, culture, and history. The day concludes with a group dinner where local ingredients and the Arctic setting define the experience.

Examples of activities: ICEHOTEL • LKAB Visitor Center • Sámi culture • Snowmobile safari • Dog sledding • Northern Lights • City walk • Team building • Hiking • Midnight sun
