

From the fjords to the mountains

Join us on a journey where the Norwegian fjords meet the Swedish mountains. Over the course of three days, you'll experience magnificent landscapes, Arctic activities, and some of the region's most famous attractions. The program combines nature-based experiences, good food, and relaxation with activities that strengthen the group's sense of community.

The trip begins with a boat tour through the majestic fjords off Evenes, where the steep mountain slopes rise from the deep-blue sea. During the trip, you'll have the opportunity to try deep-sea fishing before the day concludes with a meal on board and an overnight stay in Narvik.

The next day, the journey continues by train from the fjord landscape to the Swedish mountains. Once there, a snowmobile safari through the Arctic landscape awaits, followed by relaxation at a spa. The program concludes in Kiruna with a guided tour of the ICEHOTEL – a unique experience where ice art, architecture, and creativity come together in a setting that attracts visitors from all over the world.
