

On snow and ice

Experience winter together in some of the Nordkalott region's most spectacular settings. Over the course of three days, the program takes you from Narvik's dramatic fjord landscape to Björkliden's majestic mountain world, where outdoor activities, team-building, and local culinary experiences take center stage.

The trip begins in Narvik, where you'll take the gondola up to Narvikfjellet and enjoy the sweeping views of fjords and mountains. Next, you'll go skiing at one of Scandinavia's most spectacular ski resorts, where well-groomed slopes and views of the Ofotfjord create an extraordinary experience.

After breakfast on the second day, the trip continues by train to Björkliden. Here, a guided team-building activity in a mountain setting awaits, with a focus on cooperation and shared experiences. The day ends with cooking and dinner over an open fire before you spend the night in the heart of the Arctic mountains. The program wraps up the following day with a mountain activity before the return trip.
