

Two countries – One Arctic experience

Discover the best of both Sweden and Norway together with your group. The program can be arranged year-round and tailored to the season, your preferences, and your interests. Over the course of three days, Arctic nature experiences and local culture are combined with group activities in two destinations with completely different characters.

The trip begins in Kiruna, where you'll choose from some of the destination's most popular experiences. Depending on the season, the itinerary may include, for example, a visit to LKAB's Visitor Center, Sami culture, a snowmobile safari, or other nature experiences. The day ends with a group dinner and an overnight stay in Kiruna.

The next day, the journey continues by train through the mountain landscape to Narvik. Here, you'll enjoy seasonal activities, spectacular views of the Ofotfjord, and a dinner featuring local ingredients before heading home from Evenes Airport.
