

Hiking through the mountain landscape

Swap the conference room for the mountains and experience some of the Nordkalott region's most spectacular landscapes. Over the course of five days, the hike takes you through Abisko, Björkliden, and Riksgränsen, continuing on toward the Norwegian fjords, with local culinary experiences and camaraderie along the way.

The journey begins in Abisko National Park, where you'll be greeted by sweeping views and one of Sweden's most beloved mountain regions. The hike then continues through Björkliden and on toward Riksgränsen, where you'll explore caves, Silverfallet, and classic trails such as Kärkevagge and Rallarvägen. After each day's hike, enjoy good food and relaxation in the mountain setting.

The program concludes with a hike down to Rombaksbotn in Norway, where the mountains meet the fjord. A boat trip featuring fishing and local cuisine on board will provide a memorable finale before your return flight from Evenes Airport.
